WINDSOR, ONTARIO
SEPTEMBER 18, 1984

FELLOWSHIP 5:30 PM
DINNER 6:30 PM, COST \$13.00 CASHBAR
BREAK 7:40 PM
PROGRAM 8:10 PM

***** PROGRAM *****

TOPIC: Latest research results on Stratification in Industrial Buildings

Mr. Joseph Olivieri, professor of Architecture and Engineering from Lawrence Tech Institute in Detroit Michigan will be our speaker on this evening. This being our first meeting of a new year of ASHRAE, it would be a great opportunity to bring out a guest,

***** CHAPTER EXECUTIVES 1984-85 *****

President	- Mark Benedet
President elect	- Dan Castellan
Secretary	- Lou Panontin
Treasurer	- Bill Colborne

***** COMMITTEE REPORTS *****

Membership Committee Chairman - Chris Hales

The membership committee and Board of Governors wish to congratulate the following new members on their admission into society:

John G. Jamieson - Associate Member
George B. Prociw - Member
Roy J. Koljivral - Associate Member

The Windsor Chapter membership form is enclosed in this months mailing and it is imperative that it be completed and returned as soon as possible.

***** LADIES NIGHT *****

Friday November 23, 1984 we will sponsor a dinner/theatre night including a 7 course gourmet dinner for 2 at the Orient Express and 2 tickets to see the Windsor Light Opera's production of "Brigadoon" at the Cleary Auditorium.

Ladies Night Reminder

A reminder for all those attending ladies night.

Time: Friday Night November 23, 1984
Dinner: Orient Express Restaurant corner Pitt & Ferry St.
Cash Bar: 5:30 P.M. to 6:30 P.M.
Dinner: 6:30 P.M. to 7:30 P.M.
Theater: Cleary Auditorium Featuring "Brigadoon"
Curtain: 8:15 p.m.

* * * * * PROGRAM COMMITTEE * * * * *

The Program Committee would like to thank Mr. Greg James of Johnson Controls for his talk on "Latest Developments in Energy Management". Our technical display also from Johnson Controls presented by Ken Thompson was most appreciated.

We would also like to thank Mr. Lloyd Algie, our Chairman for Region II, for attending our last meeting. In addition his technical display on Heat and Thermal Storage was most welcome.

* * * * * DECEMBER MEETING * * * * *

Our annual membership night will be held on Tuesday, December 18 at the Beachgrove Golf and Country Club and will be in lieu of a business meeting.

It is our intent to make this an annual event at which all professionals (engineers, designers, contractors, suppliers and owners) in the H.V.A.C. industry, can gather to wish each other seasons greetings and best wishes for the new year. It is also an excellent opportunity to introduce non-members to the advantages of membership in A.S.H.R.A.E.

To this end, we are planning an "open house" type evening with a bar, hors d'oeuvres table, display of A.S.H.R.A.E. literature, a video tape of president Bob McDonald's 1984 "theme" speech and finally a demonstration of rooftop variable air volume air conditioning systems by Carrier. We encourage everyone to attend and ask that each member make an earnest effort to bring a non-member guest. This is our one opportunity each year to attract new members into our Society so we urge each of you to attend.

* * * * * HELP! * * * * *

We have received many requests for a change of meeting location, many members seem to be tired of the bill of fair at the Holiday Inn. We welcome any and all suggestions as to possible alternate locations, keep in mind any facility suggested must have a private meeting room. Please direct your comments to either Frank Pelisek or Dan Castellan.

***** DECEMBER MEETING *****

Beachgrove Golf & Country Club

14134 Riverside Drive East

Windsor, Ontario

Tuesday, December 18, 1984

SOCIAL HOUR: 5:00 - 7:30

December Membership Meeting

Tuesday, December 18 we are holding an "open house" at the Beachgrove Golf and Country Club, as we previously announced we will feature a bar, hors d'oeuvres table, a display of literature and a video tape of Society president Bob McDonald. It will be a short evening with no formal meeting. Again, we strongly urge everyone to bring a non-member guest and introduce him to the benefits of membership in A.S.H.R.A.E.

During the month of November The American Institute of Architects held a "Building Redesign and Energy Challenges Seminar" at the Boston Park Plaza Hotel in Boston, Massachusetts. Windsor Chapter Member Jerald Lavender of Airwaso Ltd. conducted a Field Measurement and Energy Conservation Workshop Seminar in the Data Collection portion of the Technical Session. It's good to see our members actively involved in Energy Conservation.

***** HELP! *****

We have received many requests for a change of meeting location as mentioned in our last news letter. We are still welcoming all suggestions as to a possible alternate location(s). Keep in mind any facility suggested must have a private meeting room. Please direct your comments to either Frank Pelisek or Dan Castellan.

The Board of Governors would like to wish all members a happy and safe holiday season.

***** JANUARY MEETING *****

Red Sail Restaurant
3838 Walker Road
Windsor, Ontario

Tuesday, January 22, 1985

FELLOWSHIP	5:30 PM	
DINNER	6:30 PM	Cost \$13.00 Cash Bar
BREAK	7:40 PM	Non Members \$18.00
PROGRAM	8:00 PM	

PLEASE CALL LORI LABELLE FOR RESERVATIONS AT 969-7557

***** PROGRAM *****

Mr. Vyron Ydreos, P. Eng. will be our guest speaker on this evening. His presentation will include a 45 minute slide presentation on Natural Gas - "The Fuel for Vehicles in the Future". The slide presentation will include the following:

- incentive programs
- Natural Gas for vehicles competitive position in the market place
- the advantages of natural gas as a transportation fuel
- economics of conversation
- the different vehicle conversion equipment and fueling stations
- developments we expect in the future.

Energy savings and low fuel costs in transportation are a great concern these days, making this a most informative evening. The program committee is looking forward to seeing you in the New Year.

***** TECHNICAL DISPLAY *****

Herman Palmer of Carrier Ontario Distributors will present our technical display corner this month. He will be on hand at the display before the meeting and during the break to assist you and answer your questions.

----- CUT ALONG DOTTED LINE -----

Residential Energy Analysis Seminar

Norm Wilson and Bill Colborne have suggested that a one-day seminar at the University on the use of the program, "Computerized, Instrumented, Residential Audit" (CIRA) might be of interest to the ASHRAA membership. This program does a monthly energy analysis of residential buildings followed by a complete economic analysis of many retrofit options. The seminar would likely be run on a Saturday in March or April and would cover the engineering background to CIRA along with a hands-on running of the program. A nominal charge would be made to cover costs. This notice is intended to get some feedback regarding the level of interest. Additional information can also be obtained from either Norm or Bill. It should also be noted that previous computer experience is not required.

Yes: I would be interested in this seminar _____

No: I am not interested in this seminar _____

Signed: _____

Return to Bill Colborne or Norm Wilson at the January dinner meeting.

PROGRAM	8:00 PM	

PLEASE CALL LORI LABELLE FOR RESERVATIONS AT 969-7557

***** PROGRAM *****

"A Refresher Course in Basic Fan Fundamentals"

Mr. Val Fasken, P. Eng. Chief Engineer of Canadian Blower/Canada Pumps Ltd. will be this month's guest speaker. Mr. Fasken's talk will include fan performance definitions, operating characteristics, and a review of the fan laws. It will be of great benefit to everyone associated with the design, installation and operation of air moving equipment. This presentation will be of value to our student members and therefore we encourage their attendance.

The program committee would like to thank Mr. Vyron Ydreos for his talk on "The Fuel for Vehicles in the Future". The talk generated a lot of discussion after his presentation, which proved to be of great interest to many. The Red Sail also provided an excellent accommodation, as was expressed by many.

***** TECHNICAL DISPLAY *****

This month Mr. Lew Benvenuto of Lake Side Controls will present our technical display. He will be on hand at the display before the meeting and during the break to assist you and answer your questions.

Last month's display by Mr. Herman Palmer of Carrier Ontario Distributors was most appreciated. The board would like to thank Herman for his efforts.

***** RESIDENTIAL ENERGY ANALYSIS SEMINAR *****

This seminar will run on Saturday March 30, 1985 from 9:30 AM to about 4:00 PM in the Essex Hall, University of Windsor. The sessions will be run with two groups of eight persons to a group or a total of sixteen persons.

The registration fee is \$25.00 payable to, "ASHRAE Windsor Chapter" and mailed to W.G. Colborne, Department of Mechanical Engineering, University of Windsor, Windsor N9B 3P4. This fee includes hand-out material about CIRA as well as lunch at noon.

The first sixteen persons whose cheques we receive, will be officially registered and the hand-out material will be mailed to you. Preference will be given to those persons who indicated their interest initially. This material will allow you to prepare some of the input if you wish to run your own house on CIRA.

***** PROGRAM *****

Mr. Joe Ouellette and Miss Mary Ann Kosnik of Acrolab will be this month's guest speakers. Their talk will include the topic:

'Heat Pipe Performance and Research'

In addition to our program Acrolab will also be presenting a table top display this month. Mr. Eric Mainwaring will be on hand at the display to assist you and answer your questions.

***** SPECIAL THANKS *****

The program committee would like to thank Mr. Val Fasken of Canadian Blower/Canada Pumps Ltd. for his refresher course in Basic Fan Fundamentals.

A special thanks and a job well done should be noted to Len Benvenuto Representative for Fisher Controls for his presentation at the table top display.

Also a thank you to our students from the University of Windsor for coming out and we hope to see you at future meetings.

***** RESIDENTIAL ENERGY ANALYSIS SEMINAR *****

This seminar will run on Saturday March 30, 1985 from 9:30 AM to about 4:00 PM in the Essex Hall, University of Windsor. The sessions will be run with two groups of eight persons to a group or a total of sixteen persons.

The registration fee is \$25.00 payable to, "ASHRAE Windsor Chapter" and mailed to W.G. Colborne, Department of Mechanical Engineering, University of Windsor, Windsor N9B 3P4. This fee includes hand-out material about CIRA as well as lunch at noon.

The first sixteen persons whose cheques we receive, will be officially registered and the hand-out material will be mailed to you. Preference will be given to those persons who indicated their interest initially. This material will allow you to prepare some of the input if you wish to run your own house on CIRA.

***** ENGINEERING WEEK *****

March 21 through 23 at Devonshire mall in Windsor will feature Engineering Week. This year's theme is:

'Building a Better World'

Various engineering companies including ASHRAE Windsor Chapter will have a display in the mall. Come take a look!

* * * * * PROGRAM * * * * *

Mr. R.J. (Bob) Tamblyn has very kindly consented to fly to Windsor from Montreal to speak at our April meeting. For those that may not know Bob Tamblyn, he was President and now Chairman of Engineering Interface Ltd. a Toronto consulting firm, specializing in Energy Management. He is an active member of ASHRAE and was made a Fellow of ASHRAE in 1953. He has served on various ASHRAE committees including the Research and Technical Committee of which he was Chairman in 1980-81. He is an authority on Thermal Storage with many publications on this topic, as recently as the one in the Jan. 1985 ASHRAE Journal entitled, "Control Concepts for Thermal Storage". His topic for our April meeting is, "Toward Zero Energy for Buildings". We are looking for a record turnout to hear this most interesting speaker and well-known ASHRAE member.

* * * * * TECHNICAL DISPLAY * * * * *

This month Mr. Jack Lynn of L.K. Metal Products will present our technical display. He will have Electronic Air Cleaners as a showcase and will be on hand at the display before the meeting and during the break to assist you and answer your questions.

* * * * * SPECIAL THANKS * * * * *

The program committee would like to thank Mr. Eric Mainwaring and Miss Mary-Anne Kosnik, from Acrolab for the presentation on Heat Pipe Performance and Research.

The technical display of temperature, humidity and pressure reading devices was interesting and beneficial to all attendees.

* * * * * MEMBERSHIP * * * * *

The Executive, Board of Governors and Members wish to welcome the following new members to ASHRAE:

Gregory Black - Member
Alexander Harris - Associate Member
Mary-Anne Kosnik - Associate Member

* * * * *

Many thanks to Professors Colborne and Wilson for organizing and presenting the residential computer audit seminar on March 30. It was well appreciated by those members who attended including the excellent luncheon. We look forward to a similar commercial seminar in the future.
