Curtain: 8:15 P.M.

* * * * * DECEMBER MEETING * * * * *

Our annual membership night will be held on Tuesday, December 17 at the Beachgrove Golf and Country Club and will be in lieu of a business meeting.

This is an annual event at which all professionals (engineers, designers, contractors, suppliers and owners) in the H.V.A.C. industry, can gather to wish each other seasons greetings and best wishes for the new year. It is also an excellent opportunity to introduce non-members to the advantages of membership in A.S.H.R.A.E.

We are planning an "open house" type evening with a cash bar, hors d'ouvres table, display of A.S.H.R.A.E. literature, a video tape of president Dan Bahnfleth 1985 "theme" speech. We encourage everyone to attend and ask that each member make an earnest effort to bring a non-member guest. This is our one opportunity each year to attract new members into our Society so we urge each of you to attend. Members will be asked to pay a \$5.00 admission to help defray costs.

* * * * * MEMBERSHIP ROSTER * * * * *

All chapter members on record as of October 31, 1985 will receive their 1985 Member roster with this newsletter.

* * * * *

The Program Committee would like to thank Mr. John Rollo and the engineering staff of Duo Matic Olson who conducted a very informative plant tour at our last monthly meeting. The hospitality which they provided at the Blue Bonnet Cafe was also much appreciated.

This months meeting will include the Student paper presentation from the University of Windsor Mechanical Department. This year; two students will present there papers. Jim Dimenna will present "The Implementation of an Energy Management System and Will Berends and Steve Brackett will present Noise Reduction on a High Efficiency Warm Air Furnace.

In addition to the student papers. Frank Pelisek will show a 9 minute slide show promoting ASHRAE RESEARCH.

***** ASHRAE RESEARCH *****

Everyone who sells, specifies, installs or uses heating, ventilating, refrigerating or air conditioning equipment, benefits from ASHRAE sponsored research.

This work is supported by the contributions of members and industry. A separate mailing and phone contact by the Research Chairman to each member will be made to help the Windsor Chapter reach its goal of \$1500.00.

Anyone wishing to send their investment or help on the committee, please call Frank Pelisek at 969-7557.

***** COMPUTER SEMINAR NUMBER 2 *****

In the spring of 1985, Windsor Chapter members were given the opportunity to become familiar with CIRA, a residential computer simulation program. This year, "TrakLoad" will be the subject of the seminar. The objective of the seminars is to keep our Chapter members informed about computer programs which are available in the HVAC field and to show what the programs can do.

"TrakLoad" is a microcomputer-based program that provides load analysis and HVAC sizing in commercial buildings. It provides design loads and equipment sizing as well as monthly peak loads, monthly or annual operating costs, etc.

This seminar will be held on Saturday April 19th, beginning at 9:30 AM. Lunch is provided and included in the registration fee. Registration will be limited to fifteen (15) participants on a first pay first serve basis. Cost is \$25.00 per person.

Make cheques payable to, "ASHRAE Windsor Chapter" and mail to

Prof. W.G. Colborne

***** PRESIDENT'S MESSAGE *****

I would like to take this opportunity to thank all of our members for the support you have given to the executive and the board of governors throughout the year. I would personally like to thank our executive for a job well done. Our chapter meeting attendance has been excellent, I hope this will continue in the years to come. Since our chapter is young and there is a considerable amount of work to be done, it will require more membership involvement at the chapter level to continue on the road to success in the years to come. I therefore, strongly encourage all members to become more active in our chapter. Again I thank you for your cooperation and support.

Very truly yours,

D.A. Castellan, P. Eng.
