Vol. 1 No. 1

Page 2 of 2

Oct. 9, 2001

**resident's Message**

Welcome back to another year of SHRAE in Windsor. Your executive has been active this summer using the valuable information and strategies we acquired at the Chapter Regional Conference in Halifax to make this year a great success.

Once again our annual Golf tournament kicked off our membership drive and was an enjoyable day for all of those in attendance. We were able to raise a significant contribution for ASHRAE research with the mulligans purchased by the golfers. James Smith and his committee would be congratulated once again for a job well done.

Our program is scheduled for the year with a broad range of topics and some exceptional speakers. The monthly meetings are to be held at Lilly Kazzilly's which offers great food and atmosphere for our technical sessions and entertaining. We hope that all of our members will invite others in our industry to come out and join SHRAE.

**Phil Bracewell**  
SHRAE Windsor Chapter President

**Editor's Corner**

This years CRC held this past August in Halifax was well represented from the Windsor Chapter. Approx. 17 Chapter members including spouses attended the Conference. The Chapter won the Travelling Meatball Award. The award is given the Chapter with the most mileage attending the CRC, ie. (# of persons from the chapter at the CRC x distance). Overall the Conference was a great success, congratulations to Chairperson Ken Bell and the Halifax Chapter for a great job.

If anyone wishes to have the Newsletter sent by Email please send our request to: [danc@uwindsor.ca](mailto:danc@uwindsor.ca)

**Guest Speaker**

This month Guest Speaker will be Mr. Chris Hobbs, P. Eng. from Peninsula Engineering. His topic will be on Cogeneration Systems.

**Table Top Display**

This Months Table Top Display will be from **Wholesales Service**. Mr. Dan Kalapos will be displaying their new line of DDC controls.

Anyone wishing to display their company's products or services, we have several months still available starting in the new year. It will cost you only \$100 which includes dinner and you will be able to display your material at the meeting and discuss with the attendees before and after the meeting. You will also have a few minutes during the meeting to say something about your display. Please call Ms. Lorraine Grondin @ 1 800 571 6446, x 2970.

**Membership Profiles**

Anyone wishing to provide a profile, please provide a photo and short write up of yourself. Send information to Mr. Dan Castellan.

**Miscellaneous**

**CHAPTER MEETINGS MEAL PLAN**

Monthly Meetings Meals will increased this year from \$25 to \$30 per meeting. But, do we got deal for you: *The meal plan will be \$180 if you paid before November 01, 2001 and \$210 if paid after. The plan covers seven (7) meetings excluding golf, social night and special events.*

**Nov. 13, 2001**

**President's Message**

The attendance at the October meeting showed excellent progress to get our membership up to the levels of a few years ago. For those of you that missed this meeting, Chris Hobbs of Peninsula Engineering provided an interesting and informative look at co-generation. He also provided some insight into the direction the market is going with this technology. Any member wishing to obtain a copy of his presentation can contact an executive member for information.

Our new venue enables us to have table top displays and we still have some openings for anyone interested in taking part. This is an excellent opportunity for a company to show off their product and speak to the group. Members wishing to take advantage of this vehicle are urged to act now as the openings are going fast.

Once again our chapter is holding Social (Ladies) Night at Windsor Raceway in December. We hope that as many of you as possible will attend this evening of fellowship.

This month we have another excellent speaker that is sure to foster some good discussion about energy markets. I look forward to seeing you there.

**Dan Bracewell**  
ASHRAE Windsor Chapter President

**Editor's Corner**

If anyone wishes to have the newsletter sent by Email please send your request to: [danc@uwindsor.ca](mailto:danc@uwindsor.ca)

**Guest Speaker**

I'd like to thank **Mr. Chris Hobbs, P. Eng.** from Peninsula Engineering. His topic will be on Cogeneration Systems was very informative and interesting. This month's guest speaker will be **Ms. Leanne Sidorkewicz**.

Ms. Sidorkewicz is a Risk Specialist for Union Gas. Her topic will be: **"Gas Pricing - The Calm After The Storm"**. This presentation will examine what happened with gas pricing last fall and winter and the subsequent trends after the peaks in gas pricing experienced last year. It will also discuss what has happened so far this year, and what the trends are saying for future pricing.

**Table Top Display**

This Month's Table Top Display will be from **Belimo Air Controls**. Mr. Dave Benedetti will be displaying their new line of Control Valves.

Anyone wishing to display their company's products or services, we have several months still available starting in the new year. It will cost you only \$100 which includes dinner and you will be able to display your material at the meeting and discuss with the attendees before and after the meeting. You will also have a few minutes during the meeting to say something about your display. Please call Ms. Lorraine Grondin @ 1 800 571 6446, ext 2970.

**Jan. 09, 2002**

**resident's Message**

would like to take this opportunity to wish everyone a happy new year from the executive of the Windsor Chapter. We hope that 2002 is prosperous for all.

our last meeting, the Social (Ladies) night held in December at the Windsor Raceway, was an enjoyable evening for all those who attended. The Architectural Association has been invited to join us for our January meeting to listen to Mr. James Leber of Lerner and Associates speak on the topic of construction law. It has been a few years since we last invited Mr. Leber to speak and in the past we anticipate that the discussions will be quite lively.

James Smith, the Chapter Membership Chair, distributed the 2001-2002 Chapter roster at the November meeting and will have copies available for chapter members at the meetings. Please review the information and advise an executive member if there are any changes required so that we can update the 2002-2003 edition.

As a final note, Mr. Bill Coad the President of ASHRAE will be the guest speaker for our February meeting. It is extremely difficult to coordinate a visit from the President of our organization and an honor to have him present his Presidential address in Windsor. We hope all of our members will attend to make this night our largest turnout of the year to welcome him to Windsor.

**Phil Bracewell**  
ASHRAE Windsor Chapter President

**Editor's Corner**

If anyone wishes to have the Newsletter sent by Email please send your request to: [danc@uwindsor.ca](mailto:danc@uwindsor.ca)

**Guest Speaker**

We like to thank **Ms. Leanne Sidorewicz** from Union Gas Ltd. Her topic on: "**Gas Pricing - The Calm After The Storm**" was very informative and interesting. If you recall, she was asked about a web site to get Canadian natural gas prices, well she recommended the site below. It has spot and forward natural gas prices for various points in Canada. The Empress price is an Alberta price.

[www.ngx.com/index.asp?LINK=freestats](http://www.ngx.com/index.asp?LINK=freestats)

This month Guest Speaker will be **Mr. James Le Ber** from Lerner & Associates. He will be speaking on New Issues in Construction Law.

This meeting is a joint meeting with the Local Chapter of the Ontario Architects Association.

**Table Top Display**

This Month's Table Top Display is sponsored by **Union Gas Ltd.** The presenters are Chuck Farmer and Bill Davies. The display will highlight the different commercial programs that Union Gas has to offer the design community

Anyone wishing to display their company's products or services, we have several months still available starting in the new year. It will cost you only \$100 which includes dinner and you will be able to display your material at the meeting and discuss with the attendees before and after the meeting. You will also have a few minutes during the meeting to say something about your display. Please call Ms. Lorraine Grondin @ 1 800 571 6446, x 2970.

**Membership Profiles**

Anyone wishing to provide a profile, please provide a photo and short write up of yourself. Send information to Mr. Dan Castellan.

### SPECIAL BULLETIN

ASHRAE SOCIETY PRESIDENT - Mr. WILLIAM J. COAD, P.E.

TO VISIT WINDSOR CHAPTER

William J. Coad, P.E.  
2001-2002 ASHRAE President

On **Tuesday February 19, 2002** the Windsor Chapter is honoured by having Mr. Bill Coad, ASHRAE Society President as a Guest Speaker. We expect a large turnout. London, Hamilton and Detroit Chapters have been invited. The meeting will be held at the Hilton Hotel downtown in the Radison Room. It is a spectacular room overlooking the Detroit skyline.

We are extending a special invitation to the Windsor Chapter Members not only to attend but bring guests as well. We ask that you show your support and show that Windsor is a vibrant active community with a great ASHRAE Chapter. As you know what makes a chapter is its members, so mark your calendar and come to the meeting.

Meal prices are a bit higher, \$40 per person due to the venue and a better dinner.

Feb. 12, 2002

**President's Message**

As you can see Mr. Bill Coad, ASHRAE Society President, will be speaking to our chapter next week at our February monthly meeting. It is an honour and a privilege to have Mr. Coad in attendance to deliver his presidential address so we are hoping to have a large turnout. We have invited other chapters in the region to join us with favourable response. The telephone committee will be contacting everyone within the next few days to further encourage you to come out to the Hilton February 19, 2002 to meet Mr. Coad.

Our chapter is running quite smoothly this year to date with the executive board meeting monthly to organize and coordinate matters on behalf of the membership. In the very near future we will be looking for nominations for positions open on the executive for the 2002-2003 calendar year. Anyone interested in becoming more involved, or know of someone that would be a good candidate, is urged to contact a member of the current executive.

I look forward to seeing you all on Tuesday,

**Phil Bracewell**  
ASHRAE Windsor Chapter President

President's Message

In this month's meeting we will be taking nominations from the floor for positions on our executive for the 2002-2003 calendar year. Please let the phone committee know if you would be interested in becoming more involved with the chapter's operation, if you have someone in mind that would be a good candidate. The election will be held at the April meeting with the introduction of the new executive in May at the "Past Presidents Night".

Our February meeting, with ASHRAE President Mr. Bill Coad speaking, was a rousing success. We had our largest turnout in recent history and everyone that attended enjoyed the atmosphere of this somewhat gala event. Mr. Coad's presidential address was very well received by all those in attendance.

This coming Tuesday we look forward to having one of our own members, Jerry Lavender of Airwaso Limited, as the speaker. Lets all get out to support one of our own.

Look forward to seeing you all.

Phil Bracewell  
ASHRAE Windsor Chapter President

**Announcements****PROFITABLE ENERGY I**

Union Gas is sponsoring an energy forum. on April 02, 2002 at the Holiday Inn Select on Huron Church Road. It will speak to electrical deregulation and natural gas buying practices.

Agenda and topic as follows:

**Electricity Deregulation and your Load Management Options**

- Energy Procurement: Building Energy Knowledge
  - Rob Wanless - Ontario Power Generation
- Succeeding in a Deregulated Environment
  - Rob Wanless /Alex Saba - Ontario Power Generation

**On-Site Power Generation: Uses in Load Shedding and Switching**

- Microturbines and fuel cells
  - Brad Buckler - ASCO Power Technologies Canada
- Gas Humidification
  - Mark Palitza - Nortec Air Conditioning Industries Inc.
- Desiccant Dehumidification
  - Munters
- Natural Gas Pricing
  - David Dent (Tentative) - Union Gas

The session will be held on April 2nd, 2002 at the Holiday Inn Select on Huron Church Rd., Windsor.

Call early to register, class size is limited to 60, Bill Davies at Union Gas 250-2355

Registration Fee: \$50 + GST

**Article****PLANNING AHEAD  
Choosing An Executor  
for Your Estate**

A will sets out the final instructions regarding the disposal of a person's assets upon death. An executor is the person named in the will to carry out those instructions. The responsibilities can be many:

- ◆ Arrange the funeral and pay the expenses involved
- ◆ Find and list all the assets of the deceased, including certificates, titles, etc., that prove ownership;
- ◆ Arrange probate of the will if required;
- ◆ Contact financial institutions to re register accounts in "estate" name;
- ◆ Look after the assets as trustee until final distributions can be made, ensuring that applicable trust laws are complied with at all times;
- ◆ File tax returns for the deceased and for the estate as required;
- ◆ Distribute assets as directed by the terms of the will;
- ◆ And more.

With regard to taxes, the executor must be especially careful to ensure all taxes are paid before making any distributions. Otherwise, he or she will become personally liable for any shortfall.

Who do you appoint who will accept this time-consuming job with such a heavy responsibility? The fact is that most people appoint their spouses or children, to be assisted by a trusted family lawyer or accountant.

The use of a trust company is another possibility. While this might be more expensive than appointing a family member, it could also prove to be an excellent alternative. Staff with expertise on all estate and trust matters can deal effectively and impartially with every problem that might arise. Particularly in cases where family conflicts are possible, an independent executor could be the smart choice.

A MATTER OF TIME

***DON'T BE DISCOURAGED***

"The typical dynamics of an economic recovery are re-emerging". So spoke Alan Greenspan in his late February address to Congress. The Federal Reserve chairman looked for a slow recovery, but the policy he has quarter backed over the past couple of years appears to be having its intended effect. The cycle of economic change indeed is shifting to the positive side.

Support for the idea of better times ahead also comes from corporations such as General Motors and revisions to economic statistics which suggest the slowdown may have been overstated.

Investor confidence is still at a fragile level, of course. Unease has been exacerbated by the Enron debacle. Argentina's currency problems and Japan's ongoing economic troubles. It's important to keep perspective. With regard to Enron, without minimizing the problem for investors, it is worthwhile to remember that bankruptcies are not unusual events.

In 2001 alone, familiar names such as Polaroid, Bethlehem Steel, PG & E Corp., Swissair, and Canada 3000 filed for bankruptcy for one reason or another. Many would say: "Yes, but this one is different". Indeed, the high level scrutiny of Enron's operations may result in major changes to regulation, reporting, disclosure rules or auditing practices, but this will be a beneficial result.

In our own investment activity, we should avoid such situations, of course. Investing according to a plan. careful security selection focussing on the highest quality names, prudence in target returns, discipline in portfolio diversification, ongoing reviews, seeking good advice - these are just some of the tools to be considered.

Is this a good time to invest? For long term investors, it may be a great time. High uncertainty is often the buyer's ally. If we were to ask people like Sir John Templeton or Peter Lynch, they would undoubtedly like the relative bargains available today.

So don't be discouraged. Put time on your side by continuing to invest prudently and positioning your assets for the better markets to come. Keep your money working for you, toward the objectives you set down in your personal plan.
