ASHRAE WINDSOR MEETINGS 2021-2022

Happy New Year!

To kick off the New Year we will be having TWO (2) Raffle Draws at the end of each Monthly Meeting for participating Windsor Chapter Members ONLY to show our appreciation for your on-going support. That means two (2) lucky participants will be each winning a \$50 Gift Card, that is a total of \$500 in prizes that we are giving back to our members as a thank you for your time and dedication. Please stay on the webinar after each meeting, regardless if it is hosted by Windsor or London to determine the monthly winners and you must be present to win!

First Raffle – Tuesday, January 18, 2022

Second Raffle – TBD February 2022

Third Raffle – TBD March 2022

Fourth Raffle – TBD April 2022

Fifth Raffle – TBD May 2022

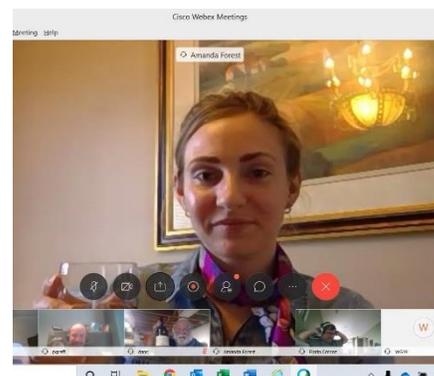

Meetings Update:

In light of the recent Guidelines January's Meeting will not be scheduled for in-person, it will be Virtual. The Windsor Executive has decided to pause the potential "in-person" meetings until it is safe to do so. We will continue to monitor the on-going situation and take it month by month, in hopes we can have an "in-person" meeting this year.

Thank you all for the time you dedicate to helping Windsor, Essex and the surrounding areas in all that you do!

Yours truly,

**Amanda Forest, P. Eng.
Windsor ASHRAE Chapter President
2021-2022**

JANUARY MEETING

Our third meeting of the year will be hosted by our Windsor Chapter on **Tuesday, January 18, 2022 at 5:00 pm** with distinguished lecturer, Douglas Zentz with his topic on “ASHRAE Standard 189.1 – “Standards for the Design of High-Performance Buildings; except Low-Rise Residential”

We hope to see lots of Windsor members participating for this presentation and please see below for the meeting link.

<https://global.gotomeeting.com/join/826181293>

Topic: ASHRAE Standard 189.1 – “Standards for the Design of High Performance Buildings; except Low-Rise Residential”

This new ASHRAE standard was developed in coordination with USBGC and IESNA for the purpose of creating a code ready standard that addresses the overall building performance needs in establishing a minimum level of acceptance as to what is a “GREEN” building. ASHRAE Standard 189.1 incorporates ASHRAE Standards 62.1, 55, and 90.1 (all current versions) and the platform of LEED to develop code language explanations for all areas of a Green Building and what the building owner can expect for building performance.

The presentation will address the following in reference to ASHRAE 189.1;

- (a) Why have it?,
- (b) Relationship to Other ASHRAE Standards, and
- (c) What is in the Standard. The content of the details of the standard will be covered in a general context (due to time) as it will outline the areas of the standard, show Mandatory elements within each area of the standard, and then illustrate the two paths of compliance (prescriptive and performance) for each area of the standard

ASHRAE – Serving our Members, and more

ASHRAE Newsletters

There's a lot of newsletters available. Some are automatic when you become an ASHRAE Member, such as the following:

[ASHRAE Journal Newsletter](#)

[ASHRAE Insights](#)

You can also connect to other publications from the ASHRAE Website.

[HVAC&R Industry News](#)

[Government Affairs Updates](#)

[High Performing Buildings Newsletters \(HPB\)](#)

[Standards Action Newsletters](#)

Click the following link to review these newsletters, and others!

<https://www.ashrae.org/about/marketing-central/email-newsletters>

Training and Certifications

While ASHRAE has some great videos (accessed [here](#)), they also have Instructor Led Training and Certifications:

Training: <https://www.ashrae.org/professional-development/all-instructor-led-training>

[Health Impacts of Indoor Air Extraction, Ventilation and Filtration](#)

[Evaluating Your HVAC System's Readiness to Mitigate the Spread of SARS-CoV2](#)

(note – check the website for specific times)

Certifications: <https://www.ashrae.org/professional-development/ashrae-certification>

[Building Design Certifications](#)

[Building Performance Certifications](#)

[Building Operations Certifications](#)

Advertising and Promotion

Actively participating in ASHRAE events is a great way to network and discuss potential projects and applications. Chapter meetings provide a captive audience and exposure to a group actively involved in our industry. Promotion opportunities are available during our chapter meetings, through the monthly newsletter and the new website.

TABLE TOP DISPLAY

What better way to display a new product, existing line, or share great ideas than to have a table top display at our monthly chapter meetings?

The fee to provide a Table Top Display is \$200.00 (CAD). In addition to the presentation, the fee also covers the cost of the presenter's meal at the event. If interested in providing a Table Top Display at a future meeting to promote product lines or technologies, please contact Jamie Smith to schedule.

BUSINESS CARD PROMOTION

The monthly newsletter is distributed to all of our ASHRAE Windsor members as well as several others that are involved in our industry. Inclusion of your business card in the newsletter would provide a great opportunity to introduce your name and company to those members who may not know you personally. Business cards may also be displayed on the new website.

The fee to include your business card in the newsletter is \$100.00 (CAD) for the year ending June 30, 2021. If interested in having your business card information included in the monthly newsletter, please contact Amanda Forest.

ASHRAE Chapter Involvement

It is a welcome sight to see Chapter members and non-member guests alike attend the monthly meetings and events. The time and effort put forth by all individuals to attend these events is greatly appreciated as it not only helps to strengthen and develop our Chapter as a whole, it also expands the knowledge and understanding of our industry.

As it takes time and effort to attend these meetings, it also takes a great deal of time, effort and dedication to organize and prepare for these events so that they are informative and enjoyable for everyone.

It is a goal of the Windsor Chapter to increase the number of participating members. Involvement in Chapter operations is not limited to the Board of Governor and Chapter Committee positions. All individuals interested in getting involved with ASHRAE at any level are encouraged to volunteer in any capacity they are willing and able to. Any efforts to help the Windsor Chapter continue to develop and improve would be greatly appreciated.

If anyone is interested in volunteering for general involvement or to assist with any specific task, please contact Amanda Forest.
