Advertising and Promotion

ASHRAE RESEARCH PROMOTION - GOLF MULLIGANS

An important function of ASHRAE is the involvement with and support of research and education to progress and improve our industry. A great deal of effort is put forth on Chapter, Region and Society levels to raise funding so research projects and educational programs can be made available to ASHRAE members and the industry as a whole.

The Windsor Chapter will be fundraising for the Research Promotion Campaign by selling Mulligans during the Annual Golf Tournament. With the purchase of one (or several) Mulligans, you can assist the Chapter with achieving its Research Promotion fundraising goals and potentially better your golf score. Sound like a win/win situation! Mulligans will be sold at the main registration booth. Fore!

TABLE TOP DISPLAY

What better way to display a new product, existing line, or share great ideas than to have a table top display at our monthly chapter meetings?

The fee to provide a Table Top Display is \$200.00 (CAD). In addition to the presentation, the fee also covers the cost of the presenter's meal at the event. If interested in providing a Table Top Display at a future meeting to promote product lines or technologies, please contact Paul Greff to schedule.

pgreff@vollmer.ca
(519) 966-6100

BUSINESS CARD PROMOTION

The monthly newsletter is distributed to all of our ASHRAE Windsor members as well as several others that are involved in our industry. Inclusion of your business card in the newsletter would provide a great opportunity to introduce your name and company to those members who may not know you personally. Business cards may also be displayed on the new website.

The fee to include your business card in the newsletter is \$100.00 (CAD) for the year ending June 30, 2017. If interested in having your business card information included in the monthly newsletter, please contact Paul Greff.

ASHRAE Conferences

REGION II CHAPTERS REGIONAL CONFERENCES (CRC)

The ASHRAE 2016 Region II CRC has come and gone and it was a complete success! The CRC was hosted by the New Brunswick (NB) and Prince Edward Island (PEI) Chapters who did a great job of organizing and executing the conference events. Thank you to all of the organizers and volunteers for your hard work and dedication.

CRCs are held annually to bring representatives from each Chapter together to discuss Chapter operations and provide an opportunity to meet fellow ASHRAE members from other Chapters.

Several Chair Committee and Board of Governors members represented the Windsor Chapter. The conference provided a great opportunity to develop knowledge and skills for use with our local chapter. Feel free to locate these members during future meetings to discuss their experiences at the CRC.

The 2017 CRC will be hosted by the Montreal Chapter on August 25, 26 and 27, 2017. Be sure to mark these dates in your calendars and start making plans to attend!

Additional details for the upcoming Region II CRC and other Region II events can be found on the ASHRAE Region II website below.

<http://region2.ashraeregions.org/crc.html>

ASHRAE Chapter Involvement

It is a welcome site to see Chapter members and non-member guests alike attend the monthly meetings and events. The time and effort put fourth by all individuals to attend these events is greatly appreciated as it helps strengthen and develop our Chapter as a whole.

As it takes time and effort to attend these meetings, it also takes a great deal of time, effort and dedication to organize and prepare for these events such that they are informative and enjoyable for everyone.

As mentioned in the letter from our Chapter President, it is a goal of the Chapter to increase the number of participating members. Involvement in Chapter operations is not limited to the Board of Governor and Chapter Committee positions. All individuals interested in getting involved with ASHRAE at any level are encouraged to volunteer in any capacity they are willing and able to. Any efforts to help the Chapter continue to develop and improve would be greatly appreciated.

If anyone is interested in volunteering for general involvement or have a specific task in mind, please contact Paul Greff.
